

ACM ICPC Asia Amritapuri Multisite Contest 2016

Director's Report

Asia Amritapuri Multisite Contest 2016 was organized at four campuses of Amrita University – Amritapuri, Bengaluru, Coimbatore & Mysuru.

Date and time of the contest: 23rd December, 2016, 09:30 AM to 03:00 PM.

First rank: Team FacelessMen from IIT Kanpur

Second rank: Team mobius_treap, International Institute of Information Technology
Hyderabad

Third rank: Team Rocket, IIT Bombay

388 teams from 250 institutions participated in the contest.

Issues faced during the contest:

1. The contest started 30 minutes after the scheduled time.
2. The printed copy of the problem sets was given after 09:15 at one of the sites (Bengaluru), without knowing the delay in the contest.
3. This was found during the contest itself and the contest committee decided to wait till the end of the contest for remedial measures.
4. It was decided to leave it as it is since the judging and problem setting committee was convinced that the top teams have not taken any undue advantage.
5. All the top teams who solved at least 7 problems are given a chance to compete as the next tier of India Finals is happening on 30th of December.

The contest started with 9 problems. Judging committee decided to add two more problems after two hours of commencement of the contest and the contest was extended for two more hours.

Anand Shenoj,
Regional Contest Director,
ACM ICPC Asia Amritapuri Site.
